

## Reflections from the MSP students on the TIRANGA BADGE AWARDS

This was one of the most amazing school trip I've ever had in the past 9 years. This was one trip I actually liked, it taught me quite a lot. The journey was great and it was good that only few students were selected to attend the TIRANGA BADGE AWARD CEREMONY. I felt proud to be a Goenkan when my senior's names were announced for the awards. I have decided that I will be joining a lot of co-curricular and IAYP activities in school. Thanks a lot Vijayashree Ma'am and Jinas Sir for this incredible day.

### **RIYA KATHURIA- 8A**

This was a great ceremony. It was great to know that our school got 2 Awards and was also inspiring to know what children in other schools did. I wish to attend more functions like this and thank the Principal and Vijayashree Ma'am for organizing this for us.

### **ARYAMAN-8B**

I really enjoyed the ceremony and was lucky to attend it. It was a very good feeling to see our school get two awards.

### **SAHIL YADAV- 8C**

I am pleased to attend such an inspiring event. I request Principal Ma'am to send us to another event like this. After attending this function I too feel like participating in the social work activities.

### **VAIDEHI PUROHIT-8A**

It was a really educational and interesting adventure where I bonded with some new people. I think we should have more trips like this and I wish to participate in IAYP activities.

### **RIA-8B**

It was super amazing that so many schools have participated and also won their prizes as well. It was a good opportunity to see, and say hello to new people of course, our school won some fascinating awards too.

### **BOUYONG LEE-8C**

It was pretty interesting to see so many children from different schools turn up and many got awards. We all were applauding really loudly whenever the announcer took our schools name. We all (MSP students) will be joining the IAYP Community service and charity program in the future.

### **SHREYA- 8A**

This trip was an extremely good experience for me and I look forward to go for more trips like this. This has inspired me a lot and I want to do social work. I want to be on the stage the next .

### **HIRDEY- 8C**

Reflections compiled by the School IAYP Secretary, Akash Garg. (VP. IAYP.2014)
