| SOCIAL STUDIES | HISTORY | HISTORY |

Chronology
Time maps
Anachronisms
Changes and Progress
Sources
How historians use sources
A picture of the past
The beginnings of Rome
How Rome became a republic?
The end of the republic

GEOGRAPHY

What is physical Geography?
What is human Geography?
What is environmental Geography?
How can we find out where places are?
How can we use graphs in geography?
What is the value and use of Geography?
How might you observe and record the weather?
How can local features affect temperature and wind?
How does it rain?
How were the sites for early settlements chosen?
What different settlements patterns are there?
How do settlements change with time?
What are the benefits and problems of settlements growth?
What are Africa's main physical features?
What are Africa's main human features?
The urbanisation enquiry

The city
Living in the city
Houses
The religions of the Romans
Slaves and entertainers
The Roman army
The Age of the Emperors
The Fall of the Roman Empire
The Influence of the Romans

GEOGRAPHY

How can we show direction?
How can we measure distance?
