We're very excited that our school is hosting Model United Nations Conferences which is a student led and managed initiative and is being organized by IBDP students. I feel that the students are about to embark on a life-changing journey that will help them develop confidence in leading others, a stronger awareness of global issues, and having give them chance to make new friends from around the world. MUN involves and teaches participants researching, public speaking, debating, and writing skills, in addition to critical thinking, teamwork, and

leadership abilities. As the Director Principal, it is my pleasure to extend an invitation to students from across the nation to participate in this conference to be held at GDGWS Campus from October 28, 2018 to October 30, 2018. Through this conference, we hope to provide a unique opportunity to engage school students in productive dialogue, while developing strong friendship bonds. The conference will draw attention to fundamental issues of global importance through different committees and focus will be on concrete solutions and ways to make our world a better and more secure place to live in. # MESSAGE FROM THE DEPUTY HEAD

GD GOENKA WORLD  
MODEL UNITED NATIONS

MESSAGE FROM THE DHM:

MRS. SHAHNAZ BANOO BUTT  
DEPUTY HEAD MISTRESS,  
GD GOENKA WORLD SCHOOL

In the fast changing world we live in today, where 'normal' has become 'new normal', 'facts' have become 'alternative facts', countries and their people have become self-centred, we are finally giving a chance to our students to actually stop and think about what is happening in the world around them and how they can contribute in safeguarding a better future for the mankind. This is something that we believe is one of the most important aspects of education. We are trying to do this by discussing the current issues that need to be spread within our upcoming generations through MUN simulations. In order to reach our goal of providing all round

education we are conducting our very first MUN which is undoubtedly one of the best platforms to discuss important issues facing the world and increase awareness in our young generations. GD Goenka World MUN 2018 welcomes all delegates from all around the world to be a part of this immersive experience where they don't only learn and discuss about the current affairs but also gain confidence in public speaking and get a chance to socialise with people from different cultural and ethnic backgrounds. This further takes us closer to our goal of all round education. Through different committees like Human Rights or Security Council we try to indulge our delegates into a typical UN code of conduct where they are expected to adhere to the rules of UN code of conduct and discuss important issues keeping the rules in mind. This allows our students to learn how to respectfully disagree or agree to different opinions and further encourages them to diplomatically prove their point, enhancing another set of skills for our students. I would personally like to invite you to come and be a part of this fantastic opportunity and learn while having fun! I do look forward to meeting all of you.

### MESSAGE FROM SEC-GEN:

MS. AEKUS KAMBOJ  
SECRETARY GENERAL  
GD GOENKA WORLD MUN 2018

Ladies and Gentlemen,

It is with great pleasure and honor that I invite you to the first edition of GD Goenka World MUN 2018. The GD Goenka World MUN 2018 secretariat has taken the challenge to organize the first edition of this conference upon their shoulders with optimism to create an indelible experience. United Nations, once considered the golden armor, has created a legacy of finding 'agreement within disagreement' and taught the world the art of diplomacy. Thus, this simulation of the United Nations is an

attempt to promote the importance of cohesive consensus building and bridging the gap between disagreements. With the prevalence of innumerable issues around the world that await resolution, the committee's simulated aim is to encompass those ranging from the ones under the consideration of the United Nations Security Council to gripping unconventional discussions. We sincerely hope you will join us in this unique opportunity to achieve fruitful discussions, disagreements, negotiations and consensus for each and every council with insurmountable levels of engagement. We aspire that the Secretariat, Executive Board members and most significantly the delegates work in absolute harmony and make the Model UN an indubitable success.
